

# Foresight Sports Golf Simulator Performance Series - GC2 For Sale

17,795 €

## QUICK SPEC

Manufacturer	Foresight Sports Golf Simulator
Model	Performance Series
Product	GC2 Launch Monitor
Version	
Designer	
Country	UK
Simulator Dimension	3.96 x 4.87 x 2.8 m - 13 x 16 x 9 ft
Launch Monitor Dimension	15.4 x 7.6 x 13.9 cm - 10 x 3 x 5.5 in
Weight	1.7 kg - 3.8 lb

## TECHNICAL SPECIFICATIONS

### SPECIFICATIONS

- Technology - Stereoscopic high-speed camera system
- Frame - Diecast Aluminum
- Battery - NiMH rechargeable
- Light Source - Replaceable Flash
- Hitting Zone - 6.5" x 8" x 6.5"
- Data Interface - Bluetooth / USB
- Compatibility - Android, iOS

### LAUNCH MONITOR DIMENSIONS

Width - 13.97 cm - 5.5 in  
Long - 15.4 cm - 10 in  
Height - 7.6 cm - 3 in  
Weight - 1.7 kg - 3.8 lb

### SIMULATOR DIMENSIONS

Width - 3.96 m - 13 Ft  
Depth - 4.87 m - 16 Ft  
Height - 2.8 m - 9 Ft

### COMPONENTS

- Foresight Foresight Sports GC2 Launch monitor
- Simulator Frame & Screen
- Turf up to 4 x 1.5m
- Hitting Mat & Tee Holders
- HD Projector
- Performance Laptop
- Laptop/Projector Stand
- FSX 2020 with 5 standard courses
- Fairgrounds all-ages game suite
- Surge Protection

### BALL DATA

- Ball Speed
- Horizontal & Vertical Launch Angles
- Spin
- Side Spin
- Carry Distance

## CATALOGUE ESSAY

Our stunning new Performance Simulator takes you into the realm of real-time projected simulation, gaming and home cinema. Ideal for those wanting to enjoy the ultimate practice, analysis, and indoor golf in their home, without the need for a dedicated room or permanent installation. Powered by the industry leading GC2 or GCQuad technology, and featuring our true-to-life FSX software experience projected onto a uniquely designed frame / screen structure, the Performance Simulator from Foresight Sports is quickly and easily self-assembled straight out of the box. It's also available with custom sizing to suit your available space.

With the GC2, you can practice or play golf in any environment with Foresight Sports levels of trusted results. Outdoors, the portable GC2's exclusive self-levelling technology provides verifiably accurate results on ever surface and on every shot. Indoors, the GC2 produces the most accurate measurements of ball characteristics at launch. The GC2's large, outdoor-readable LCD display and audio feature deliver ball-performance data in real-time, eliminating the need for a separate laptop or monitor. Plug the GC2 into a computer running simulation software and turn virtually any space into a true-to-life golf simulator. At the heart of the GC2 is a stereoscopic camera system that precisely captures and analyses ball characteristics at the most critical point of measurement – club impact – to deliver the most accurate values of ball performance available today. With a patented on-screen golf ball identification system and self-levelling accelerometer, the GC2 redefines simplicity. No calibration. No marked balls. Out of the golf bag, the GC2 can be set up and ready to go in less than a minute. Now, for the first time ever, get the same game-changing insight for multiple sports, starting with soccer. Critical data like ball speed, spin, and launch angle are available for all levels of players to improve their game.
